As of 2:00 PM today, all Staff and Students have completed COVID-19 testing by the Department of Health (DOH). This was initiated by Mayor Harry Kim's Office and UofN Kona Leadership as a safety measure to protect the Kona Community.

There were 463 tests completed today - this number combined with Tuesday testing totals 955 individuals. We are awaiting the full results of this testing.

Three positive cases have been reported, all of which have already been in quarantine for six days when identified through previous contact tracing.

We are also pleased to announce two more individuals have been released from quarantine by DOH. All those that have tested positive are reporting good health and recovering well. We appreciate the outpouring of prayers and concern for our community.
